Experience

Wells Fargo Bank | Senior Print Technician | March 2025 - Present

- Oversee end-to-end production for high-volume, time-sensitive print projects in a regulated financial environment, ensuring strict adherence to compliance, brand standards, and performing quality control checks to meet critical service level agreements (SLAs).
- Packing and shipping of printed materials, ensuring timely and accurate delivery to internal and external recipients.
- Create and manage mail merge documents, including name tags and labels.
- Responsible for ordering and managing department supplies, monitoring inventory level to ensure uninterrupted production operations.

Core Laboratories | Graphic and Web Specialist | April 2012 - March 2025

- Designed and maintained responsive webpages and HTML email campaigns, supporting corporate events and internal communications.
- Administered SQL databases, performing data loads, integrity checks, and optimizations.
- Produced a comprehensive range of print and digital marketing collateral - business cards, brochures, and signage – aligned to brand guidelines.
- Tested and styled front-end components for proprietary in-house software applications.
- Led Audio/Video production for company events, record and edit for web distribution.

Riot Color Creative Imaging | Digital Press Technician | May 2011 - April 2012

- Operated and maintained large-format printers (flatbed, inkjet, lightjet) for high-volume production.
- Preflighted files for print, ensuring color accuracy and quality for marketing materials.
- Managed end-to-end print production: document manipulation, finishing, and quality control.

FedEx Office | Lead Project Coordinator | February 2006 – May 2011

- Coordinated multiple projects in a high-volume retail environment. Managing production timelines for custom print and shipping services.

CVS Pharmacy | Assistant Manager | July 2002 – November 2004

- Managed store inventory and visual merchandising to optimize sales and customer experience.
- Audited store operations for policy compliance and loss prevention.
