Digital Production & Web Specialist

Houston, TX • 713.305.2489 • dennis.perez@me.com • den-perez.github.io/portfolio • Bilingual: English/Spanish

PROFESSIONAL SUMMARY

Digital production and web specialist with nearly 20 years of experience in high-compliance, high-volume corporate environments. Expert in managing the complete lifecycle of print and digital assets, with technical skills spanning web development, SQL database management, and multimedia design. Proven leadership coordinating complex, cross-functional projects for corporate clients and internal stakeholders.

TECHNICAL SKILLS

Web & Digital Production: HTML5, CSS3, JavaScript, WordPress, WooCommerce, HTML email/mass email campaigns, application testing, online meeting platforms, Adobe Creative Suite, Audio/Video editing

Database & Data Management: SQL database administration, data loading, migration & integrity checks, optimization

Print & Finishing: Digital press operation, preflight & file preparation, large-format printing, bindery & finishing, brand & compliance standards

Languages: English and Spanish (bilingual, professional fluency)

EXPERIENCE

Senior Print Technician | Wells Fargo Bank

Mar 2025 – Present

- Oversee end-to-end production of high-volume, time-sensitive print projects in a regulated financial environment, enforcing strict compliance and brand standards while meeting critical service-level agreements (SLAs).
- Perform quality-control checks at every production stage to catch errors before distribution, protecting brand and regulatory integrity.
- Manage packing and shipping of printed materials, ensuring timely, accurate delivery to internal and external recipients.
- Build and manage mail-merge documents, including name tags and labels, for large-scale corporate events.
- Own procurement and inventory management for department supplies, preventing production downtime.

Graphic and Web Specialist | Core Laboratories

Apr 2012 – Mar 2025

- Designed and maintained responsive webpages and HTML email campaigns supporting corporate events and internal communications.
- Administered SQL databases, performing data loads, integrity checks, and performance optimizations.
- Produced a full range of print and digital marketing collateral — business cards, brochures, and signage — aligned to brand guidelines.
- Tested and styled front-end components for proprietary in-house software applications.
- Led audio/video production for company events, recording and editing content for web distribution.

Digital Press Technician | Riot Color Creative Imaging

May 2011 – Apr 2012

- Operated and maintained large-format printers (flatbed, inkjet, lightjet) for high-volume production runs.
- Preflighted files for print, verifying color accuracy and quality for marketing materials.
- Managed end-to-end print production, including document manipulation, finishing, and quality control.

Lead Project Coordinator | FedEx Office

Feb 2006 – May 2011

- Coordinated multiple concurrent projects in a high-volume retail environment, managing production timelines for custom print and shipping services.

Assistant Manager | CVS Pharmacy

Jul 2002 – Nov 2004

- Managed store inventory and visual merchandising; audited operations for policy compliance and loss prevention.
